## IMPORTANT SAFETY INFORMATION

### Edwards SAPIEN 3 Transcatheter Heart Valve with the Edwards Commander Delivery System

**Indications:** The Edwards SAPIEN 3 transcatheter heart valve, model 9600TFX, and accessories are indicated for relief of aortic stenosis in patients with symptomatic heart disease due to severe native calcific aortic stenosis who are judged by a Heart Team, including a cardiac surgeon, to be at intermediate or greater risk for open surgical therapy (i.e., predicted risk of surgical mortality  $\geq 3\%$  at 30 days, based on the Society of Thoracic Surgeons (STS) risk score and other clinical co-morbidities unmeasured by the STS risk calculator).

**Contraindications:** The valve and delivery systems are contraindicated in patients who cannot tolerate an anticoagulation/antiplatelet regimen or who have active bacterial endocarditis or other active infections.

**Warnings:** Observation of the pacing lead throughout the procedure is essential to avoid the potential risk of pacing lead perforation. There may be an increased risk of stroke in transcatheter aortic valve replacement procedures, as compared to balloon aortic valvuloplasty or other standard treatments in high or greater risk patients. The devices are designed, intended, and distributed for single use only. **Do not resterilize or reuse the devices.** There are no data to support the sterility, nonpyrogenicity, and functionality of the devices after reprocessing. Incorrect sizing of the valve may lead to paravalvular leak, migration, embolization, and/or annular rupture. Accelerated deterioration of the valve may occur in patients with an altered calcium metabolism. Prior to delivery, the valve must remain hydrated at all times and cannot be exposed to solutions other than its shipping storage solution and sterile physiologic rinsing solution. Valve leaflets mishandled or damaged during any part of the procedure will require replacement of the valve. Caution should be exercised in implanting a valve in patients with clinically significant coronary artery disease. Patients with pre-existing mitral valve devices should be carefully assessed prior to implantation of the valve to ensure proper valve positioning and deployment. Do not mishandle the delivery system or use it if the packaging or any components are not sterile, have been opened or are damaged (e.g., kinked or stretched), or if the expiration date has elapsed. Use of excessive contrast media may lead to renal failure. Measure the patient's creatinine level prior to the procedure. Contrast media usage should be monitored. Patient injury could occur if the delivery system is not un-flexed prior to removal. Care should be exercised in patients with hypersensitivities to cobalt, nickel, chromium, molybdenum, titanium, manganese, silicon, and/or polymeric materials. The procedure should be conducted under fluoroscopic guidance. Some fluoroscopically guided procedures are associated with a risk of radiation injury to the skin. These injuries may be painful, disfiguring, and long-lasting. Valve recipients should be maintained on anticoagulant/antiplatelet therapy, except when contraindicated, as determined by their physician. This device has not been tested for use without anticoagulation.

**Precautions:** Long-term durability has not been established for the valve. Regular medical follow-up is advised to evaluate valve performance. Glutaraldehyde may cause irritation of the skin, eyes, nose, and throat. Avoid prolonged or repeated exposure to, or breathing of, the solution. To maintain proper valve leaflet coaptation, do not overinflate the deployment balloon. Appropriate antibiotic prophylaxis is recommended post-procedure in patients at risk for prosthetic valve infection and endocarditis. Safety, effectiveness, and

durability have not been established for valve-in-valve procedures. Safety and effectiveness have not been established for patients with the following characteristics/comorbidities: non-calcified aortic annulus; severe ventricular dysfunction with ejection fraction < 20%; congenital unicuspid or congenital bicuspid aortic valve; mixed aortic valve disease (aortic stenosis and aortic regurgitation with predominant aortic regurgitation > 3+); pre-existing prosthetic heart valve or prosthetic ring in any position; severe mitral annular calcification (MAC), severe (> 3+) mitral insufficiency, or Gorlin syndrome; blood dyscrasias defined as leukopenia (WBC < 3000 cells/mL), acute anemia (Hb < 9 g/dL), thrombocytopenia (platelet count < 50,000 cells/mL), or history of bleeding diathesis or coagulopathy; hypertrophic cardiomyopathy with or without obstruction (HOCM); echocardiographic evidence of intracardiac mass, thrombus, or vegetation; a known hypersensitivity or contraindication to aspirin, heparin, ticlopidine (Ticlid), or clopidogrel (Plavix), or sensitivity to contrast media, which cannot be adequately premedicated; significant aortic disease, including abdominal aortic or thoracic aneurysm defined as maximal luminal diameter 5 cm or greater, marked tortuosity (hyperacute bend), aortic arch atheroma (especially if thick > 5 mm), protruding, or ulcerated) or narrowing (especially with calcification and surface irregularities) of the abdominal or thoracic aorta, severe "unfolding" and tortuosity of the thoracic aorta; access characteristics that would preclude safe placement of 14F or 16F Edwards eSheath introducer set, such as severe obstructive calcification, severe tortuosity, or diameter less than 5.5 mm or 6 mm, respectively; or bulky calcified aortic valve leaflets in close proximity to coronary ostia.

**Potential Adverse Events:** Potential risks associated with the overall procedure including potential access complications associated with standard cardiac catheterization, balloon valvuloplasty, the potential risks of conscious sedation and/or general anesthesia, and the use of angiography: death; stroke/transient ischemic attack, clusters, or neurological deficit; paralysis; permanent disability; respiratory insufficiency or respiratory failure; hemorrhage requiring transfusion or intervention; cardiovascular injury including perforation or dissection of vessels, ventricle, myocardium, or valvular structures that may require intervention; pericardial effusion or cardiac tamponade; embolization including air, calcific valve material, or thrombus; infection including septicemia and endocarditis; heart failure; myocardial infarction; renal insufficiency or renal failure; conduction system defect which may require a permanent pacemaker; arrhythmia; retroperitoneal bleed; arteriovenous (AV) fistula or pseudoaneurysm; reoperation; ischemia or nerve injury; restenosis; pulmonary edema; pleural effusion; bleeding; anemia; abnormal lab values (including electrolyte imbalance); hypertension or hypotension; allergic reaction to anesthesia, contrast media, or device materials; hematoma; syncope; pain or changes at the access site; exercise intolerance or weakness; inflammation; angina; heart murmur; and fever. Additional potential risks associated with the use of the valve, delivery system, and/or accessories include: cardiac arrest; cardiogenic shock; emergency cardiac surgery; cardiac failure or low cardiac output; coronary flow obstruction/transvalvular flow disturbance; device thrombosis requiring intervention; valve thrombosis; device embolization; device migration or malposition requiring intervention; valve deployment in unintended location; valve stenosis; structural valve deterioration (wear, fracture, calcification, leaflet tear/tearing from the stent posts, leaflet retraction, suture line disruption of components of a prosthetic valve, thickening, stenosis); device degeneration; paravalvular or transvalvular leak; valve regurgitation; hemolysis; device explants; nonstructural dysfunction; mechanical failure of delivery system and/or accessories; and non-emergent reoperation.

### **Edwards Crimper**

**Indications:** The Edwards Crimper is indicated for use in preparing the Edwards SAPIEN 3 transcatheter heart valve for implantation.

**Contraindications:** There are no known contraindications.

**Warnings:** The devices are designed, intended, and distributed for single use only. **Do not resterilize or reuse the devices.** There is no data to support the sterility, nonpyrogenicity, and functionality of the devices after reprocessing.

**Precautions:** For special considerations associated with the use of the Edwards Crimper prior to valve implantation, refer to the Edwards SAPIEN 3 transcatheter heart valve Instructions for Use.

**Potential Adverse Events:** There are no known potential adverse events associated with the Edwards Crimper.

**CAUTION: Federal (United States) law restricts these devices to sale by or on the order of a physician.**

## ACC.17 ALLACCESS

**ACC.17 AllAccess** allows attendees to get more out of ACC.17 with free resources and content during and after the meeting including —

- Stream over 300 Sessions Live
- Download Session Slides
- Browse ePosters
- Read and Watch Special Post-Meeting Coverage
- Access iScience, the ACC.17 *Meeting on Demand™* Program (separate purchase required)

Go to [accscientificsession.org/AllAccess](http://accscientificsession.org/AllAccess) and login with your ACC username and password for access!

## ACC.17 APP

Make the most out of ACC.17 with instant access to sessions, exhibitors, maps and more! Browse sessions by day, pathway or practice focus and build your own customized itinerary that you can save to your calendar.

Plus, access live streaming sessions and slides, search for and send messages to fellow attendees, and follow the latest news and the @ACCcardioEd twitter feed — all from the palm of your hand!

Download the app on your mobile device. Search "ACC.17" in your app store or browse to <http://ativ.me/acc2017> from your device (available for Apple®, Android® and Kindle Fire® devices).

## AUDIENCE RESPONSE SYSTEM (ARS)

The ARS at ACC.17 is designed to enhance your participation — use it to ask a question directly to the faculty or respond to audience poll. Sessions in which ARS is scheduled to be used will be designated in the ACC.17 App with the ARS icon. To access the ARS:

- Open the ACC.17 App on your device
- Select the session you are attending
- Click on the ARS icon
- During the session respond to a poll or ask a question

## DON'T MISS A BEAT

See what people are saying and share your experience from ACC.17 on social media.

**[Twitter.com/ACCcardioEd](https://twitter.com/ACCcardioEd)**

Follow @ACCcardioEd and use the hashtag #ACC17 to join the discussion.

**[Facebook.com/AmericanCollegeofCardiology](https://www.facebook.com/AmericanCollegeofCardiology)**

Like the ACC Page for highlights and top news from the meeting.

**[YouTube.com/ACCinTouch](https://www.youtube.com/ACCinTouch)**  
**[YouTube.com/FITsOnTheGo](https://www.youtube.com/FITsOnTheGo)**

Get video coverage of ACC.17 straight from the experts and follow our FIT roving reporters.

## GENERAL MEETING INFORMATION

#ACC17

### GENERAL HOURS

#### Friday, March 17

General Sessions .....8:00 a.m. – 6:00 p.m.  
Expo .....9:30 a.m. – 4:45 p.m.  
Clinical Focus Sessions .....6:00 p.m. – 8:30 p.m.

#### Saturday, March 18

General Sessions .....8:00 a.m. – 6:00 p.m.  
Expo .....9:30 a.m. – 4:45 p.m.  
Clinical Focus Sessions .....6:00 p.m. – 8:30 p.m.

#### Sunday, March 19

General Sessions .....8:00 a.m. – 5:30 p.m.  
Expo .....9:30 a.m. – 2:00 p.m.  
Convocation .....6:30 p.m. – 8:00 p.m.

### ATTENDEE REGISTRATION

#### Hall D

Phone: 202-249-4065

Thursday, March 16.....8:00 a.m. – 6:00 p.m.  
Friday, March 17 –  
    Saturday, March 18.....6:30 a.m. – 6:00 p.m.  
Sunday, March 19 .....6:30 a.m. – 5:00 p.m.

### SPEAKER SERVICE CENTER AND REGISTRATION

#### Lounge & Learn Pavilion, Hall D

Phone: 202-249-4064

Thursday, March 16.....Noon – 5:00 p.m.  
Friday, March 17 –  
    Saturday, March 18.....6:30 a.m. – 6:00 p.m.  
Sunday, March 19 .....7:00 a.m. – 5:30 p.m.

### CREDIT AND PARTICIPATION CERTIFICATES

Access the ACC.17 Credit System through the ACC.17 App (select “Claim My Credit”) or the Online Planner. If you are not already logged in, you will need to enter your ACC username and password.

1. Select My Credit/Participation link from the top of the page to see your cart
2. Review your cart — it may be pre-populated based upon your session attendance
3. To add sessions, choose “Add New Sessions to Cart” on the right side of the page, search for your sessions and select “Add to Cart”
4. To delete a session, select the session and choose “Remove”
5. To complete an optional Session Evaluation, choose “Evaluate Session”
6. Once you have finalized your cart, choose the appropriate certificate on the right side of the page (CME/CNE/ECME/Participation/MOC claim document)
7. Complete the Overall Meeting Evaluation (Required)
8. Generate and print/email your certificate or MOC Claim document

Go to [accscientificsession.org/Certificate](http://accscientificsession.org/Certificate) to learn more! Or stop by the Credit Claim and Technology Help Desk in Hall D for personal assistance.

*Please note: The credit system will give credit only for the total elapsed time spent in education sessions. Credit cannot be doubly awarded for sessions taking place concurrently.*

## CREDIT CLAIM & TECHNOLOGY HELP DESK

### Hall D

The Credit Claim and Technology Help Desk is the place to go if you need help with any of the following items:

- ACC login/password
- ACC.17 AllAccess
- ACC.17 Mobile Planner/App or Online Planner
- Claiming credit (CME, CNE, CPE, ECME, MOC) or a Certificate of Participation
- iScience

## EXPO

### Halls ABC

Complete your educational experience at the ACC.17 Expo where nearly 300 companies and organizations will showcase the latest advances in pharmaceuticals, imaging, devices, health IT and the services you need to provide high-quality care to your patients.

Friday, March 17 ..... 9:30 a.m. – 4:45 p.m.

Saturday, March 18 ..... 9:30 a.m. – 4:45 p.m.

Sunday, March 19 ..... 9:30 a.m. – 2:00 p.m.

Be sure to visit ACC Central, Booth #739 for the latest news from the American College of Cardiology.

## iSCIENCE

### L Street North Lobby and ACC Central (Expo, Booth #739)

iScience, the ACC.17 *Meeting on Demand™* Program, is a comprehensive digital library with more than 360 hours of presentations from all 11 learning pathways at ACC.17. With so many concurrent sessions offered at ACC.17, iScience is the perfect way to maximize your time and experience as many sessions as you want. Plus, you can start accessing iScience within 24 hours of each live presentation.

## LEARNING DESTINATIONS

### Expo, Halls ABC

Learning Destinations are diverse, non-certified, educationally focused areas that offer new and creative ways to expand your educational experience at ACC.17. We invite you to visit these dynamic learning environments located in the Expo:

- Industry-Expert Theater #1: #1955
- Industry-Expert Theater #2: #2255
- Innovation Stage: #1357
- Interactive Learning Labs: #413 and #1849
- Patient Engagement Pavilion: #1154

## GENERAL MEETING INFORMATION

### LOUNGE & LEARN PAVILION

#### Hall D

Friday, March 17 .....6:30 a.m. – 6:00 p.m.

Saturday, March 18 .....6:30 a.m. – 6:00 p.m.

Sunday, March 19 .....7:00 a.m. – 5:30 p.m.

The Lounge & Learn Pavilion will serve as the central hub of ACC.17. It's the place to meet up with your friends and colleagues, watch sessions in the Heart Hubs, or participate in informal sessions in the various community lounges. Stop by the Pavilion for:

- ACCEL Office
- ACCPAC Lounge
- Cardiovascular Team Lounge
- Cardiology Careers Lounge
- Early Career Lounge
- Faculty Lounge & Speaker Service Center
- FIT Lounge
- International Lounge
- Women in Cardiology Lounge

### SHUTTLE BUS SERVICE

Shuttle bus services to and from the ACC.17 hotels and Walter E. Washington Convention Center are provided for individuals who made hotel reservations through Experient Inc., the official ACC.17 housing company. There will be no shuttle service on Thursday, March 16.

#### Friday, March 17 – Sunday, March 19

Departures from Hotels..... 6:00 a.m. – 9:00 a.m.

No shuttle service provided... 9:00 a.m. – 5:00 p.m.

Departures from

Convention Center ..... 5:00 p.m. – 7:30 p.m.

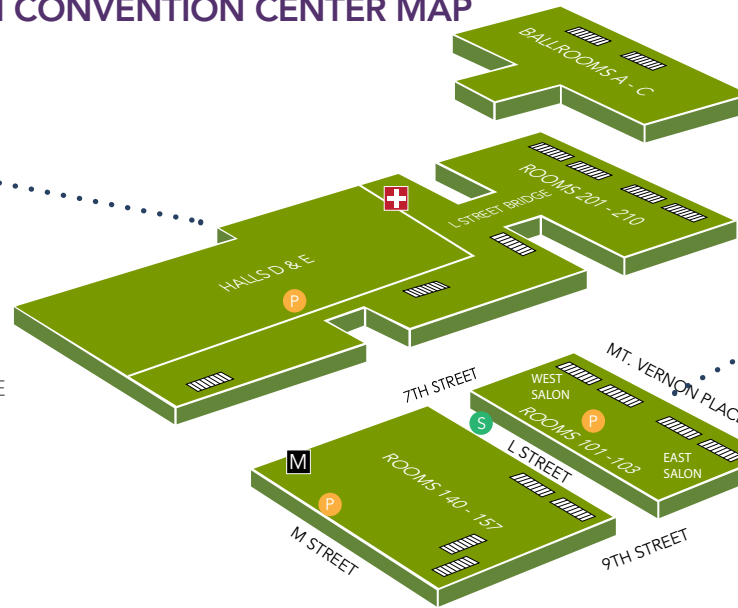

Walter E. Washington Convention Center is the transfer point for all routes. The following hotels are considered walking hotels and will not provide shuttle service except in cases of a special-needs request: Cambria Suites Washington DC Convention Center, Comfort Inn Downtown DC, Embassy Suites Convention Center, Fairfield Inn and Suites, Grand Hyatt Washington, Hampton Inn Washington DC Convention Center, Henley Park Hotel, Marriott Marquis Washington DC, Morrison Clark Inn, Renaissance Washington DC and Washington Marriott at Metro Center.

If you require a special-needs shuttle, please contact [acc@experient-inc.com](mailto:acc@experient-inc.com) to make arrangements.

**Heart Failure and  
Cardiomyopathies**

**YOUNG  
INVESTIGATOR  
AND RESEARCH  
AWARDS SESSIONS**  
Friday, March 17  
5:00 p.m. - 6:30 p.m.  
**Young Investigator  
Awards will be in the  
Vascular, ASH and  
Heart Failure Theaters.  
Research Awards will  
be in the Non Invasive  
Imaging Theater.**

**Hall C Entrance**

## KEY SESSIONS

## FRIDAY, MARCH 17

((•)) Sessions will be live streamed for all attendees in ACC.17 AllAccess and will be included in iScience, the ACC.17 Meeting on Demand™ Program (separate purchase required).

Please Note: Sessions are listed by start time, then alphabetically by learning pathway.

PATHWAY	SESS. TYPE	SESS.#	TITLE	START	END	ROOM
SPECIAL	LBCT	400	ACC.17 Opening Showcase and Joint ACC/JACC Late-Breaking Clinical Trials (Featuring the Simon Dack Lecture)	8:00 a.m.	10:00 a.m.	Main Tent (Hall D)
CHD	Self-Assessment	800	Test Yourself With Questions: Pediatric Cardiology	8:00 a.m.	9:30 a.m.	Room 147 A
SPECIAL	Self-Assessment	801	Test Yourself With Questions: General Cardiology Module 14	8:00 a.m.	10:30 a.m.	East Salon C
CHD	Hands-On	1506	Personalized Skills Center: Hands-On Simulation — Congenital Heart Disease	8:30 a.m.	9:30 a.m.	East Salon AB
SPECIAL	Hands-On	1503	Personalized Skills Center: Self-Directed Learning Modules	8:30 a.m.	5:00 p.m.	East Salon AB
SPECIAL	Hands-On	1500	Personalized Skills Center: Drill and Practice (Heart Songs, ECG, Hand-Held Echo)	8:30 a.m.	5:00 p.m.	East Salon AB
			Visit the Expo	9:30 a.m.	Noon	Hall ABC
SPECIAL	Gaming	6000	FIT Jeopardy: Battle of the State Chapters I	9:45 a.m.	11:45 a.m.	Engage@ACC.17 Studio, Hall C
ALL	Poster		Visit the Poster Sessions	10:00 a.m.	10:45 a.m.	Poster Hall, Hall C
HF	Sci Session	611	Kanu and Docey Chatterjee Lecture and Seminal Talks in Heart Failure: I Wanna New Drug — Updated Heart Failure Guidelines	12:15 p.m.	1:45 p.m.	Ballroom C
HF	Core Curriculum	802	Core Curriculum: Mending the Failing Heart	12:15 p.m.	1:45 p.m.	Room 151 A

ACC.17 • PROGRAM-AT-A-GLANCE

SUNDAY, MARCH 19

 Sessions will be live streamed for all attendees in ACC.17 AllAccess and will be included in iScience, the ACC.17 Meeting on Demand™ Program (separate purchase required).

Please Note: Sessions are listed alphabetically by learning pathway within each time block.

PATHWAY	SESS. TYPE	SESS.#	TITLE	START	END	ROOM
6:30 a.m. – 7:45 a.m.						
NON-CERT	Non-Cert	4506	Will iFR Outcome Data be the Catalyst that Moves us From PCI Justification to Physiologic Guidance?	6:30 a.m.	7:45 a.m.	Marriott Marquis, University of DC Room

8:00 a.m. – 9:30 a.m. (exceptions noted in bold)						
ARR	Sci Session	728	The Abnormal ECG: Should I Worry About Sudden Death Risk in this Patient 	8:00 a.m.	9:30 a.m.	Room 147 B
ASIHD	Sci Session	729	The Consequences of Sex: Women and Pregnancy Across the Spectrum 	8:00 a.m.	9:30 a.m.	Room 143 A
ASIHD	Self-Assessment	816	Test Yourself With Questions: Guidelines Module 4: Stable Ischemic Heart Disease	8:00 a.m.	<b>10:30 a.m.</b>	East Salon C
ASIHD	Oral	907	Highlighted Original Research: ASIHD and the Year in Review	8:00 a.m.	9:30 a.m.	Room 150 A
CHD	Oral	908	Highlighted Original Research: Congenital Heart Disease and the Year in Review	8:00 a.m.	9:30 a.m.	Room 146 C
CHD	Hands-On	1514	Personalized Skills Center: Hands-On Simulation — Congenital Heart Disease	<b>8:30 a.m.</b>	9:30 a.m.	East Salon AB
HF	International	525	Heart Failure: Implementing the Guidelines Into Practice; A Clinical Case-Based Symposium: International Perspectives From the European Society of Cardiology and the American College of Cardiology 	8:00 a.m.	9:30 a.m.	Room 145 A

59

## SUNDAY, MARCH 19

PATHWAY	SESS. TYPE	SESS.#	TITLE	START	END	ROOM
HF	Sci Session	730	Readmission in Heart Failure: Questions Unanswered ((•))	8:00 a.m.	9:30 a.m.	Room 144 A

SPECIAL	Special		ACC.17 President's, New Fellows' and Associates' Reception	8:00 p.m.	9:00 p.m.	Marriott Marquis, Marquis Ballroom Salon 5

# ESC CONGRESS

BARCELONA 2017

26 – 30 August

Where the world of  
cardiology comes together

Scientific Programme now available !  
[www.escardio.org/ESC2017programme](http://www.escardio.org/ESC2017programme)

Late Breaking Science submission  
new deadline: 21 May

## SAVE ON REGISTRATION

Early registration deadline - 31 May

Become an ESC Professional Member  
& save €125 more

+ benefit from a dedicated Members' Lounge  
and exclusive networking opportunities

*New for American delegates: receive AMA credits for your participation at ESC Congress.*

Come visit ESC stand IC14 at ACC.17  
& Meet the ESC faculty at the Joint ESC-ACC sessions
