The Spotlight Sessions this year will feature a spotlight session in Imaging, which I think is a very important area for CV medicine, not only from a technological and scientific perspective, but also becoming an increasingly important area for us to examine from a political and payment perspective as well. And along those lines, we have a second Spotlight Session related to Pay for Performance, a crucial issue for many cardiology practices across the country. (Sunday, Mar 12, 8:00 a.m. - 5:00 p.m., MGMA 2006. 10. Measures to Action: Preparing Your Practice for Pay for Performance, Room B312, GWCC)
