

One Membership. Many Benefits.

ACC is Your Professional Home.

Fellowship is one of the most distinguished designations the College offers its members, and is the ultimate recognition of professional achievement.

Based on outstanding credentials, achievements and community contributions to cardiovascular medicine, those who are elected to Fellowship earn the right to include the FACC designation among their credentials, signaling to peers and patients their commitment to quality cardiovascular care.

Fellows of the ACC come from all specialties within cardiology and include adult cardiologists, pediatric cardiologists, interventional cardiologists, surgeons, researchers, academicians, specialists in a cardiovascular-related field and cardiovascular team members with advanced degrees.

As an FACC, you'll unlock resources that will provide you with support from your training through retirement, helping you make a difference in your patients' lives.

Join us in our mission to transform cardiovascular care and improve heart health.

Election to Fellowship is determined by committee, and applications are welcomed on a rolling basis.

ACC.org/JoinFACC

One Membership. Many Benefits.

The ACC is your professional home for tools and resources that support you in your efforts to provide high quality cardiovascular care to patients worldwide.

As a member you can:

Build Your Professional Network

Connect and collaborate with nearly **50,000 cardiovascular professionals** worldwide. Network and learn at the local level with one of ACC's **over 80 local Chapters**. And gain leadership experience and recognition by participation on Councils, Committees and Work Groups

Stay Informed

Read about the latest clinical developments with print, online and mobile subscriptions to **FIVE Journals of the American College of Cardiology**—also available on iPad—including *JACC*, *JACC*: *Imaging*, *JACC*: *Interventions*, *JACC*: *Heart Failure* and *JACC*: *Clinical Electrophysiology*.

Access Guidelines

Access Guidelines, Appropriate Use Criteria and Consensus Documents.

Access 300+ FREE Education Opportunities

Stay up-to-date and assess your knowledge and gaps with **FREE educational opportunities** offering CME. Meet certification requirements more easily with complimentary Maintenance of Certification Modules (MOC) and ACC's MOC Information Hub online.

Gain an Advocate for Your Interests

With the power of a collective voice, the **ACC advocates on your behalf** for your interests, certification and regulatory bodies, to payers and to policymakers at the federal and state levels.

Improve Patient Care

Gain access to ACC's quality initiatives including the **NCDR Registries**, along with ACC's CardioSmart patient education website and tools.

Advance Your Career

Access tools and resources to advance your career including **ACC's Mentoring Program,** the Early
Career Member Section, advice within ACC Cardiology Careers and **Research Funding** Search Engine and Collaboration Network.

Advance Your Specialty

Network and advance the priorities of your specialty and/or interest areas in one of **over 16 Member Sections**, which serve as communities for driving strategy and initiative development for communities within the College.

Access Mobile Applications

Get support to treat patients and manage patients on-the-go with mobile applications, including the NEW **Guidelines App**, ASCVD Risk Estimator, CardioSmart Explorer and AnticoagEvaluator.

Meet Practice Change Head On

Be prepared to meet practice challenges with over **60 on-demand webinars**.

Save Thousands

Save hundreds—even thousands—with deep discounts on ACC's digital products and live courses including the ACC Annual Scientific Session. You'll also save on practice necessities, including medical professional liability insurance, through ACC partners.

Membership Criteria

Election to membership in the ACC is based on training, specialty Board certification, or scientific and professional accomplishments and duration of active participation in a cardiovascular-related field. Members are expected to conform to high moral standards.

Note: Those who do not meet the stringent qualifications for Fellowship may be granted Associate Fellow membership in the College.

To apply, all candidates must:

- Dedicate at least 75% of their professional activities to cardiology
- Hold a full-time academic and/or hospital appointment
- Present two letters of sponsorship from current FACCs with the application

Are you a Clinician? To apply, you must also:

- Have completed cardiovascular training
- Hold a primary and applicable subspecialty Board certification:
 - Board should hold membership in either the American Board of Medical Specialties or the Advisory Board for Osteopathic Specialists of the American Osteopathic Association.
- For those certified in 1990 or later, candidates need to show evidence of successful completion of an accredited program with a minimum number of in-training years as follows:
 - Adult Cardiology Three Years
 - Pediatric Cardiology Three
 - Cardiovascular Surgery Two **Years**

Lacking Board certification, you may be awarded "Associate Fellow" status

Are you an Academic/Scientist or lack Board Certification? To apply, you must also:

- Have made significant contributions to the scientific literature and submit a bibliography outlining said contributions
- Have a PhD? You will need to have published 20 articles in indexed journals with 10 first or senior authorship
- No PhD? You will need to have published 50 articles in indexed journals with 20 first or senior authorship. Candidates without a PhD who have published only 10 articles with five first or senior authorship may be awarded "Associate Fellow" status.

Are you in a Cardiovascular-Related Subspecialty? To apply, you must also:

- Be practicing in a cardiovascularrelated subspecialty such as hypertension, CV pathology, CV radiology, CV anesthesiology, vascular surgery, vascular medicine or nuclear cardiology
- Have completed training and passed the primary Board exam
- Meet one of the two following requirements:
 - Have a Leadership Position: You will need to hold a leadership role as Chief of Cardiology, Director of a Major Laboratory at an Academic or Academic-Affiliated Institution, or hold the title of Associate Professor or Professor

OR

- Have Publications: You will need to have published 10 articles in indexed journals with five first or senior authorship
- Those who lack Board certification and who do not meet the leadership/publication requirement may be awarded "Associate Fellow" status

How to Apply: The Application Process

Applications are welcome on a rolling basis! Apply at any time throughout the year.

Applicants are required to submit two letters of sponsorship from current FACCs.

Sponsorship Letter Requirements:

- Letters must be included with your application
- Letters must be on the sponsor's business letterhead, dated and signed by the sponsor
- Letters should detail your accomplishments of distinction, such as hospital, medical society or educational leadership
- Letters should be original in content—substantially identical letters will be rejected

- Sponsors must be current **FACCs**
- Sponsors must be well acquainted with your current professional activities
- At least one sponsor must be from your geographic are of professional activity
- Only one sponsor can be from a partner or colleague that works in your office
- Only one sponsor can be from your training program
- Your relatives may not sponsor you

To apply, submit your application packet consisting of:

- 1. Completed Application Form
- 2. Two Letters of Sponsorship from Current FACCs. Letters must meet all requirements as outlined in the box to the left.
- 3. Bibliography, if applying as an academic or scientist—or if you lack Board certification
- 4. Copy of Medical or Doctoral Degree Certificate, Translated to English if Received from an Institution Outside the U.S.
- 5. Copy of Certificate if you have a
- 6. Payment of Annual Dues and Nonrefundable Application Fee.
 - Note that if you are a current member of the ACC applying for FACC and are current on your dues, you ONLY need to submit the application fee.

Applications will be reviewed twice annually by the ACC's Credentialing and Membership Committee.

- Completed applications received by May 1 will be reviewed in July with results available by September 1.
- Completed applications received by October 1 will be reviewed in January of the following year with results available by February 1.

Annual Dues and Fees

Payment must be enclosed with application for processing.

| | U.S. | Canada |
|--|-------|--------|
| Fellowship (FACC)* | \$785 | \$480 |
| Associate Fellowship* | \$785 | \$480 |
| Application Fee | \$150 | \$150 |
| Total Payment to Accompany Application | \$935 | \$630 |

- *** Are You a Current ACC Member? Only include the \$150 application fee if you are up-to-date on your membership dues.
- *** State chapter dues will be assessed for a new member in the next billing.
