Special Testing Accommodation or Accessibility Request Form

It is the policy of the American College of Cardiology Foundation ("ACCF") to comply with the Americans with Disabilities Act ("ADA") and offer reasonable testing accommodations to persons with qualifying disabilities. Consistent with the ADA, ACCF will make feasible and appropriate modifications to our examination procedures for candidates with documented disabilities, provided that the modification does not fundamentally alter the measurement of skills or knowledge that the exam is intended to assess and is not unduly burdensome.

Please note that, to maintain the validity of the exam and ensure fairness to all candidates, there are limits to the accommodations ACCF is able to provide. Candidates must register for the exam prior to requesting an accommodation and must submit the request and any supporting documentation as soon as possible, but no later than 60 days prior to the start date of the exam for which accommodation is being requested.

ACCF evaluates all requests for testing accommodations on a case-by-case basis and will send you a response in by email within 4 weeks.
