

# FACET RESOURCE LIBRARY

Mylessa A. Wheeler, C-TAGME

Scott & White Memorial Hospital

Texas A&M HSC-COM/Cardiovascular Disease,  
Interventional Cardiology, Clinical Cardiac  
Electrophysiology Fellowships

- How many times have we seen this question on our Google List?
  - Does anybody have a form for .....?
  - Does anybody have a policy for .....?
  - Does anybody have a program handbook/curriculum to share?

- I looked at the Program Director's Toolbox on the ACC website:
- ([http://www.acc.org/education-and-meetings/products-and-resources/fellowship-program-director-tools-and-resources?w\\_nav=S](http://www.acc.org/education-and-meetings/products-and-resources/fellowship-program-director-tools-and-resources?w_nav=S))
- And thought this is what we need for the FACET Resource Library.

- Pattern the library after the PD toolbox:
  - Milestone Evals by rotations
  - Program Evals
  - Multisource Evals
  - Rotation Evals
  - Curriculum
  - Handbook
  - Any other resource

- Resources come from the program administrators/coordinators/managers.
- Resources are to be kept up-to-date.
- Form a committee for this project. We can keep in contact via email, conference calls.
