#ACC16

ACC COMPETENCY & MILESTONE PROJECTS

- 2012- Gen.1 v.1 General Cardiology Competencies
- 2015- COCATS 4 Training Statement
- 2016- General Cardiology Lifelong Learning Competencies (including administrative & leadership competencies)

ACC COMPETENCY & MILESTONE PROJECTS

- 2015 - Advanced Training Statement: Electrophysiology (completed)
- 2016 - Advanced Training Statement: Heart Failure & Transplantation (initiated)
- 2017 and beyond - Additional Advanced Training Statements:
 - Interventional Cardiology
 - Multimodality Imaging
 - Vascular Medicine
 - Adult Congenital Heart Disease
 - Critical Care Cardiology

Advanced Training Statement on Heart Failure & Transplantation

- Chair: Mariell Jessup, MD
- Vice Chair: Mark Drazner, MD
- Writing Committee Composition
- Document Structure
- Peer Review/Public Comment Process
- Timeline

Advanced Lifelong Learning Competencies

- Follow development of Advanced Training Statements

CARDIOVASCULAR COMPETENCY INITIATIVES

- Underlying structure for all ACC educational activities
- Enhance needs assessments and targeted education
- Alignment with ACGME & ABIM
- In-training examination
- ACC/ABIM Fellowship pilot program
- Certified, ABIM-recognized CME
- Personalized education
