

Biofourmis Care

Medications

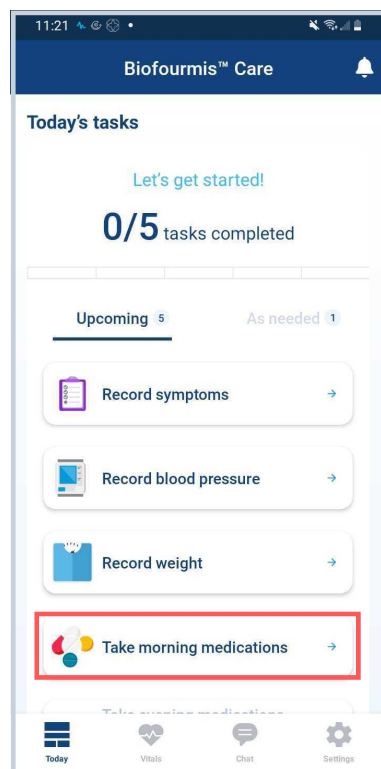

The "Medications" section allows you to view information related to your assigned medications. To access the "Medications" section, scroll down on the home screen and select "Current medications".

To take your medications, see the steps below.

Note: Medications must be taken within the time frame indicated.

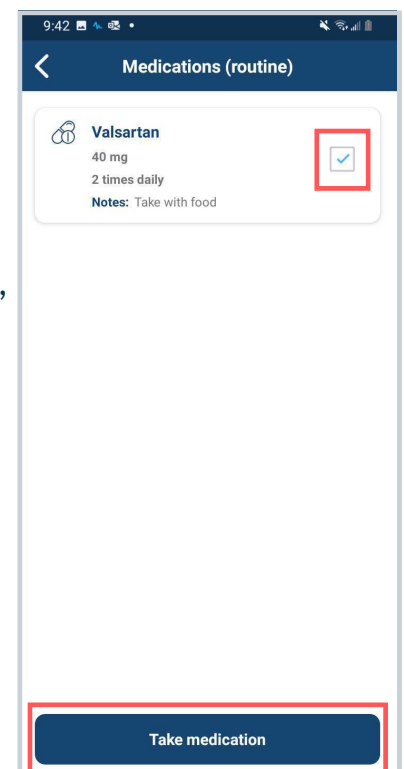

Step 1

From the home screen, view the task list. Tap "Take morning medications".

Step 2

Select the appropriate medication and then take the prescribed dose. When completed, tap "Take medication".

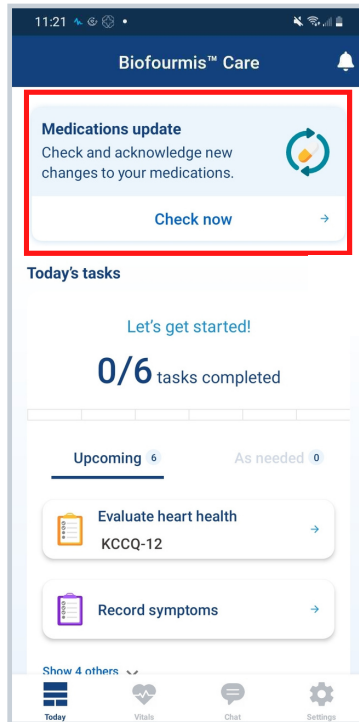

Biofourmis Care Medications

If there is any change to the status of your medications, a message will appear on the app's home screen. See the steps below to acknowledge the change.

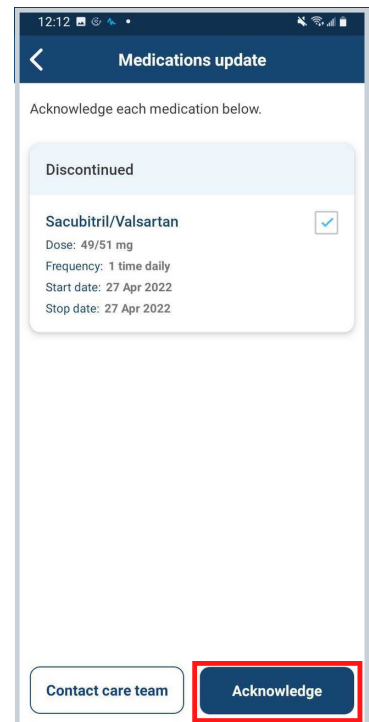

Step 1

From the home screen, tap the "Medications update" notification.

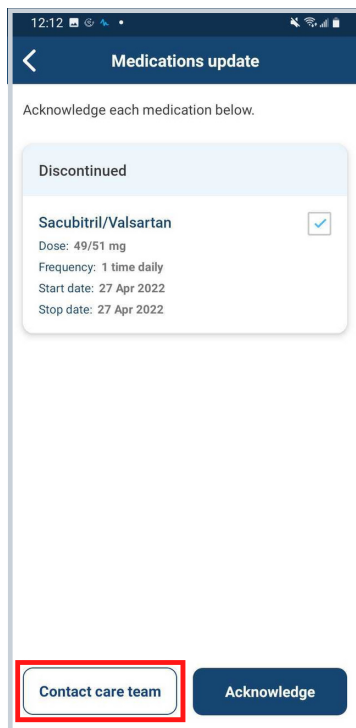

Step 2

Acknowledge the following changes and then tap "Acknowledge".

Step 3

If you have any questions or concerns, contact a Study Coordinator.

Step 4

After you tap "Acknowledge", a success message appears.
