Key Take Aways

- All information is understandably fluid and (any) updates may be found at the [ACC.ORG COVID-19 Hub](https://www.acc.org/COVID-19)
- Safety of patients and staff plays a role in EVERY decision EVERY day
- You cannot OVER prepare
- Purposeful planning for PPE utilization is vital

**PRACTICE
MADE PERFECT**

Key Take Aways

- Planning for emergencies prepares staff in roles and responsibilities and creates a culture of safety
- Different approaches will be necessary based on local geography, density of patients and available resources
- We can all learn best practices together
