

Poster Presentations

High Value Care Delivery

1. **Inclisiran Value Stream Algorithm: A High Impact Efficiency Tool**

Primary Author: Michael Bates, MD

Other Authors: Yaqub Betz; Mira Sriradan; Karen McClean; Kirstie Perry; Matt Thomas; Mercedes Armstrong; Michael Valentine; David Guarraia; Michael Ayers

Lead Investigator: Michael Bates, MD

2. **Mavacamten Lean Process Flow: A Workflow Optimization Tool to Efficiently Deliver a Newly-Approved FDA Drug**

Primary Author: Michael Bates, MD

Other Authors: Yaqub Betz; Michael Valentine; Peggy Dames; Chris Kramer; Matt Thomas; Kirstie Perry; Karen Mcclean; Michael Ayers

Lead Investigator: Michael Bates, MD

3. **Early Experience With a Pod-Based Cardiovascular Care System in a Community-Based Tertiary Care System**

Primary Author: Atul R. Chugh, MD, FACC

Other Authors: James Rooney; Preet Doshi; Nanette Kelley; Tim Nicols; Dawn Ritchie-Wilks; Kristen Fralich

Lead Investigator: Atul R. Chugh, MD, FACC

4. **Driving Value in CV Through a Clinically Integrated Supply Chain**

Primary Author: Cynthia Dautrich

Other Authors: George Ruiz, MD; Alex Zimmerman; Catherine Caldwell; Mary Frances Suter; Kate Polczynski; Chris McCutcheon; Kyle House; Lori Kearney; Joe Goyne; Aaron Homiak

Lead Investigator: Cynthia Dautrich

5. **Utilization of Pre-Procedural Transition Unit to Optimize Inpatient Procedural Access While Navigating System Capacity Constraints**

Primary Author: Tory Gentry, MBA

Other Authors: Manoj Pariyadath; Heather Perkins; Sharon Pettiford; Stephanie Mathis; David Zhao

Lead Investigator: David Zhao, MD, FACC

6. **Heart and Vascular: Role Delineation and Ambulatory Clinic Staffing**

Primary Author: April Howell, RN-BC
Other Authors: Felicia Samuel, MSN; Cherie Parks, BSN; Robbin Shifflett, BSN; Nate Facticeau
Lead Investigator: April Howell, RN-BC

7. Optimization of Weekend Ambulatory Services to Reduce Emergency Department Utilization

Primary Author: Ashley McDaniel, NP
Other Authors: Christine Barnes; Kelsey Guffey; Carolyn Miller; Geoffrey Rose
Lead Investigator: Kelsey Guffey, RN

8. Integration Health Systems: A Systems Approach to Heart Failure Redesign

Primary Author: Kismet Rasmusson, DNP, FNP
Other Authors: Sheralee Petersen; Jenna Miller; Jeff Goss; Rami Alharethi; Ruchika Husa; Corey Lum; Kaley Graham; Jennifer Springer; Theresa Ketterling; Merrilee Phillips; Reuben Evans; Carrie Willis; Simon Payne
Lead Investigator: Kismet Rasmusson, DNP, FNP

9. Assessing the Safety of High-Risk Percutaneous Coronary Intervention in Non-Cardiac Surgery Settings: An Observational Cohort Study

Primary Author: Edward Shin, MD
Other Authors: Matthew D. Solomon
Lead Investigator: Ahmed Shah, MBBS, FACC

10. Impact of Proactive Esophageal Cooling on Hospital Revenue

Primary Author: William Zagrodzky
Other Authors: Julie Cooper; Christopher Joseph; Matthew Sackett; Jose Silva; Rich Kuk; Julia McHugh; Shirley Park; Robert Hayward; Taresh Taneja; Andrew Vu; Taylor Liu; Erik Kulstad; James Daniels; Andrew Kaplan; Archana Ramireddy; Danya Willms; Annie Ruppert; Gregory Francisco; Charles Athill; Jason Zagrodzky; Rishi Sikka
Lead Investigator: Samuel Omotoye

Implementation Science

1. Sanger Heart & Vascular Institute – Utilizing a Centralized Portal and a Monthly Communication, to Promote an Enterprise-Wide Learning Health System in the Cardiovascular Space

Primary Author: William Downey, MD, FACC
Other Authors: Stephanie Irausquin; Elizabeth Ross; James Reynolds
Lead Investigator: William Downey, MD, FACC

2. Innovative Approach to Digital Heart Failure Care Delivery

Primary Author: Jeffrey Goss, FNP-C

Other Authors: Kismet Rasmusson, DNP, FNP-C; Allison Harris, MSN, FNP-C; Kira Salmond, MPAS PA-C; Sheralee D. Petersen, MBA, PA-C

Lead Investigator: Jeffrey Goss, FNP-C

3. Echoes From the Underserved: Internal Medicine Residents' Exploration of Cardiac Amyloidosis in a Rural Setting – A Retrospective Cases Series

Primary Author: Puneet Prakash, MD

Other Authors: Yelena Pleshkova; Denham Windross; Jennis Singla; Shahnaz Punjani; Thomas Shimshak

Lead Investigator: Thomas Shimshak, MD

4. Filling the Guideline Gap in Inpatient Heart Failure Care

Primary Author: Margaret Richter, RN

Other Authors: Kateri Spinelli, PhD; Renee Swanson, RN; Adam Mizgajski, MD; Kellie Graybosch, PA-C; Hsin-Fang Li, PhD; Josh Remick, MD

Lead Investigator: Margaret Richter, RN

Quality Improvement

1. Cardiac Risk Factor Management in Patients With Incidental Findings of Coronary Artery Calcification on CT Chest

Primary Author: Oaksoe Aung

Other Authors: Sindhu Addepalli, MD; KhanhPhi Christine Tran Vu, MD; Edward Chau, MD; Ahmadreza Ghasemiesfe, MD; Surabhi Atreja, MD

Lead Investigator: Surabhi Atreja, MD

2. Do Socioeconomic Disparities Arise Through the Care Pathways for Patients With Aortic Stenosis?

Primary Author: William Downey, MD, FACC

Other Authors: Stephanie Irausquin, PhD; Elizabeth Ross, MSN, RN; Michael Rinaldi, MD; Eric Skipper, MD; Terence Hill, MD; Jonathan Schwartz, MD; John Frederick, MD; Catherine Shah, PA

Lead Investigator: William Downey, MD, FACC

3. Real World Results of a “CT First” Strategy for Evaluation of Stable Chest Pain

Primary Author: William Downey, MD, FACC

Other Authors: Elizabeth Ross, RN; Dermot Phelan, MD; Geoffrey Rose, MD; Noreen Kelly, MD; William Cunningham

Lead Investigator: Markus Scherer, MD

4. Cardiac Surgery Care Transformation Across the Continuum

Primary Author: John Frederick, MD

Other Authors: Shannon Crotwell; Leslie Doyle; James Reynolds; William Downey;
Douglas Haden; John Skinner; Kevin Lobdell

Lead Investigator: John Frederick, MD

5. Comparing Inpatient Heart Failure Outcomes From a Dedicated Cardiovascular Hospitalists Service Versus Traditional Hospitalist Care

Primary Author: Monique Mahlum, MD

Other Authors: Raj Srivastava, MD MPH; Lana McGill, MD; Michael Pirozzi, MD; Rami Alharethi, MD; Kirk Knowlton, MD; Harris Carmichael, MD, MSHP, FACP

Lead Investigator: Harris Carmichael, MD, MSHP, FACP

6. Closing the Care Gap and Reducing Heart Failure Readmission Rates in Community Based Rural Florida Hospital: Continuous Quality Improvement Project

Primary Author: Yelena Pleshkova, MD

Other Authors: Abdelrahman Abdalla; Lanson Colaco; Jordan Casola; Josephine Dolos Reyes; Iktej Jabbal; Gaayathri Krishnan; Sehaj Kaur; Puneet Prakash; Yessica Torres; Deepti Bhandare; Thomas Shimshak; Chad Brands

Lead Investigator: Yelena Pleshkova, MD

7. The Florida Cardiovascular Quality Network: Baseline Results of a Large Statewide Quality Registry in High Risk Hyperlipidemia Patients

Primary Author: A. Allen Seals, MD, FACC

Other Authors: Kim St Clair Seals; Yazan Khatib; Praveen Kanaparti; Ameeth Vedre; Lilla Martin; Debbie Friedrich; Lisa Davis; Jonathan Fialkow; Heather Johnson; Georg Couturier; Mario Lopez; Saihari Sadanandan; Erum Jiva; Pam Rama

Lead Investigator: A. Allen Seals, MD, FACC
