

Toolkit Copy

How to Use the Conference Toolkit

This toolkit has been made available to society partners and collaborators in order to provide materials to assist you with promoting the **ACC Asia 2022 Together with KSC Spring Conference**, taking place 15 – 16 April, 2022. Please review the information in this document prior to using any of the materials contained in the toolkit.

You will receive updated toolkit materials throughout the course of the campaign. This toolkit contains the following items:

- **Email/Newsletter Text:** If you have a pre-existing newsletter or email in which you would like to include text to promote the conference — you can use pre-written text from the email document.
- **Web Graphics:** Web graphics are available for inclusion on your Society website, social media or within any e-newsletters. Please use the following link for the ads:

ABSTRACTS/CASE SUBMISSIONS – LONG COPY BLOCK

Abstract and Challenging Clinical Case Submissions are Now Open!

Submit your abstracts and cases for a chance to share your science with global experts during **ACC Asia 2022 Together With KSC Spring Conference!**

You won't want to miss this chance to showcase your work — submit your abstract today! For a full description of the selection process, preparation tips and evaluation criteria, view our [Abstract Submission Instructions](#). The top three abstract presenters will each receive a grant to support the presentation of their research at ACC.23 in New Orleans, Louisiana!

Do you have a challenging clinical case with valuable learning insights that you want to share? If so, submit it to the **ACC Asia 2022 Together With KSC Spring Conference** for the chance to present it to colleagues from all over the world. For a full description of the selection process and preparation tips, view our [Case Submission Instructions](#).

All abstracts and challenging clinical cases must be submitted by **11:59 p.m. Korean Standard Time Tuesday, 11 January**. Don't wait – submit today!

Registration opens soon! Join us in our vision of a world where innovation and knowledge optimize cardiovascular care and outcomes
