

AMERICAN COLLEGE *of* CARDIOLOGY

Tips for Promoting Diversity and Being Inclusive as a Presenter

- 1) Be respectful of your colleagues and of the time: Introduce yourself to *everyone* on the podium. Do not talk over other presenters or moderators.
- 2) Acknowledge when studies or images have gender or race imbalance.
- 3) If you are the most senior or most reputable speaker, make sure that others have time to speak – or even better, invite others to comment!
