8:20 a.m.  Transition time

8:30 a.m.  Breakouts (participants must choose one track)
Care of the Athletic Heart 2017: Contemporary Concepts, Cases and Controversies

**Option 1:** Going Beyond the Bruce Protocol
Designing and implementing alternative/unique exercise protocols
- Integrating commercially available fitness tracker data in clinical practice
- Case Presentations & Panel Discussion

**Option 2:** Cardiopulmonary Exercise Testing “Nuts and Bolts”
- Conducting a CPET with live demo (non CME)
- Integrated Interpretation - Case Presentations

9:30 a.m. Refreshment Break

Session III: Peeking Inside the Athletic Heart: Advanced Cardiac Imaging

**Moderators:**

9:45 a.m. Hemodynamic Basics of Exercise-Induced Cardiac Remodeling: Expect the Unexpected

10:05 a.m. Anomalous Aortic Origin of Coronary Arteries
Coronary Anatomy and Pathophysiology: How do I assess?
Risk Stratification: Does my Athlete Need Surgery?

10:40 a.m. Evaluation of the Athlete with Mildly Abnormal RV and LV
- Is Strain Ready for Prime Time?
- Cardiac MRI: The Heart of the Matter
- Going Beyond Simply Imaging - Adding Stress

11:15 p.m. Case Challenges
- Case 1: AAOCA
- Case 2: Abnormal RV/LV

11:45 p.m. Lunch

Session IV: The Symptomatic Athlete: A Case-based Approach

**Moderators:**

12:45 p.m. The Collapsed Athlete

1:25 p.m. Why Am I Breathless? – Broadening the Differential

2:05 p.m. Decreased Performance – Where Do We Start

A Diagnostic Conundrum: What would you do?

**Moderator:**

2:45 p.m. Debate: Forme Fruste or Diagnostic Conundrum?

3:15 p.m. Adjournment
Saturday, June 24

7:15 a.m.  Continental Breakfast

Session V: Care of the Master Athlete
Moderators:

8:00 a.m.  Welcome back and Housekeeping Reminders

8:10 a.m.  Exercise Causes Cardiac Disease?
            o  An Overview of Current Clinical Issues and Controversies Relevant to the Master Endurance Athlete

8:25 a.m.  Time to Debate! Should Master Athletes Undergo Pre-participation Stress Testing?

8:55 a.m.  Arrhythmias in the Master Athlete: PVCs, VT and Afib

9:15 a.m.  Coronary Calcium Assessment in the Athlete: Added Value or a Stone Better Left Unturned?

9:45 a.m.  Refreshment Break - Themed Wellness Break

Session VI: Understanding the Mind of the Athlete
Moderators:

10:10 a.m.  You Wouldn’t Believe the Call I Got Today: The Stakes are High

10:30 a.m.  To Screen or Not to Screen

11:00 a.m.  The Tough Conversation: Shared Decision Making and Return-to-play

11:20 a.m.  Understanding the Mind of the Athlete

11:40 a.m.  Pulseless to Iron Man: My Story

12:15 p.m.  Section updates: Call To Action

12:30 p.m.  Course Adjournment
