**CHOOSE 1 OF 2**

**How to Maximize the Impact of Life Science Reps and Resources at Your Practice** *(Salon XI)*

**Speaker(s):**
Karen Mattocks, VP of Business Development, RxVantage

**Presented by:** RxVantage

**Session Overview:**
Unannounced and poorly timed visits from life sciences reps to talk with a provider can disrupt a practice's already packed schedule. Coordinating the logistics of these visits cause distraction and steal valuable time from staff, ultimately impacting the quality of patient care and experience. RxVantage is a free cloud-based solution designed to maximize office efficiency by automating the scheduling process, while still allowing the practice to have complete control over visitation rules and expectations. Join this presentation to learn more about how RxVantage can help practice administrators:

- Save up to 20 hours of staff time per month
- Avoid unwanted or too-frequent visits
- Eliminate inefficient paper calendar systems
- Build positive and beneficial relationships

**Maximize Financial Results in Cardiac Bundled Payments** *(Salon XII)*

**Speaker(s):**
Christine Samples, Director of Telephonic Case Management, Signature Care Management

Vince McVittie, Executive Director, Signature Care Management

**Presented by:** Signature Care Management

**Session Overview:**
BPCI-Advanced: Value-Based Care Opportunities in Cardiovascular Medicine. We will provide an overview of the CMS bundled-payment programs, which now include cardiovascular procedural episodes. We will discuss the specific DRGs included in the program, and what tools physicians and practices need to help ensure success in value-based care.
Friday, February 15 Continued

SESSION II

7:30 a.m.  Summary of Day One and Preview of Day Two Salons VII-IX
Dr. Kovacs and Ms. Biga

7:45 a.m.  Plenary Session: Economic Forces in Cardiovascular Healthcare Salons VII-IX
Dr. Chernew

CHOOSE 1 OF 3

Paying for Healthcare: Open Q&A with Michael Chernew, PhD (Salon X)  
Speaker(s):  
Michael Chernew, PhD, Leonard D. Schaeffer Professor of Health Care Policy and  
Director of the Healthcare Markets and Regulation Lab, Harvard Medical School  
Dave Terry, CEO, Archway Health  
Keely Macmillan, GM BPCI-A, Archway Health  
Presented by: Archway Health  
Session Overview:  
Join Archway Health for “Open Q&A” with economist Michael Chernew, PhD,  
Professor of Health Care Policy and Director of the Healthcare Markets and  
Regulation Lab at Harvard Medical School. Dr. Chernew focuses his research on  
controlling health care spending while maintaining or improving quality of care. This  
includes consumer incentives, value-based insurance design, episode-based payment  
models, prescribing patterns and medication adherence, the ramifications of rising  
health care spending, and geographic variation in spending and quality. During this  
interactive lunch session, Dr. Chernew will field open questions and discuss the  
economics of new payment models and implications for cardiovascular practices.

Next-Generation Analytics for High-Performance Cardiovascular Centers. A  
Front Line Experience! (Salon XI)  
Speaker(s):  
Cynthia Iverson, MBA, RN  
Presented by: Biome  
Session Overview:  
Using analytics to align cardiovascular teams, improve clinical and financial  
performance, and drive co-management. Join us to hear how Sutter Health, a health  
system leader in California, leverages data and advanced analytic services to optimize  
clinical outcomes across all of its cardiac programs.  
Learn how Biome helped Sutter:  
- Identify high impact clinical and financial opportunities  
- Align teams around performance metrics and goals  
- Attract patients and payors with superior outcomes  
Biome provides doctors and hospitals with solutions that improve clinical  
performance, reduce treatment cost, and improve national rankings. Our clients have  
reduced readmissions by 60%, cut direct cost by 10%, lowered bleeding events by  
30%, and reduced unnecessary variation—all while increasing contribution margins.

Friday, February 15 Continued

12:10 p.m. – Platinum Sponsor Lunch Presentations Cont. (Optional, Non-accredited sessions)
12:55 p.m. (Note: Lunch will be available outside the Lunch Presentation Rooms)

The Outpatient Migration of Cardiovascular Procedures – Do You Have an Ambulatory Strategy? (Salon XII)
Speaker(s):
Yazan Khatib, MD, FACC, FSCAI, FABVM, FSVM, President of First Coast Cardiovascular Institute, Cardiac & Endovascular Interventions, Jacksonville, FL
Marc Toth, CMAA, Chief Executive Officer, ACA Cardiovascular
Presented by: ACA Cardiovascular
Session Overview:
The objective of this session is for the participants to understand the historical trends and clinical and financial implications for patients, providers, and payers in the migration of cardiovascular procedures to the ambulatory setting. An overview of the physical and operational differences between a Medicare Certified Ambulatory Surgery Center (ASC) and an Office Based Lab (OBL) will be discussed, as well as the cases approved by CMS in each designated site of service.

SESSION III
1:00 p.m. Plenary Session: Improving Efficiency and Outcomes by Reducing Unwanted Variation Salons VII-IX
Drs. Fry and Hendel and Mr. Draper

1:40 p.m. Transition Time

1:45 p.m. – Mini Intensive Session: Strategies to Stomp Out Unwanted Clinical Care Variation: A Case-based Approach Salon III
Drs. Freeman, Fry and Gluckman; and Mr. Daniel and Mr. Draper

1:45 p.m. – Workshops (Choose 1. Space is limited on a first come basis.)
