Dear Colleague:

The American College of Cardiology is pleased to formally invite you to the ***Advancing the Cardiovascular Care of the Oncology Patient*** course, convening January 25-27, 2019 at the Ritz-Carlton, Washington, DC. Click [here](#) to view the agenda.

Over the past 3 years, the American College of Cardiology has joined forces with respected experts in the field of Cardio-Oncology to develop a program covering the most relevant and required content for both the novice and advancing practitioner who are working tirelessly to care for the estimated 14m cancer patients and survivors with significant cardiovascular risk factors. Join us at ***Advancing the Cardiovascular Care of the Oncology Patient*** and engage with our growing community.

This program has been growing by ~25% each year and this year we expect up to 300 attendees! ACC considers exhibits to be an important part of this course, providing our registrants the opportunity to gather useful information about products and services related to their interests and responsibilities.

We are excited to invite you to this course and look forward to working with you. Please refer to the attached Exhibitor Prospectus for further information and participation options. Exhibit space will be contracted on a first come, first served basis. If you are interested in this opportunity, learning more about sponsorships opportunities, please contact me at kirons@acc.org.
