PAs Save on Membership in October
[Join the American College of Cardiology](#)

As a PA, you make a difference every day.

Whether it is conducting physical exams, counseling patients on preventive health care, diagnosing and treating illnesses or coordinating care, you play a vital role in transforming cardiovascular care and improving heart health.

The American College of Cardiology is grateful for all you do each day. To say thanks, we're making it easier for you to [gain access to tools and resources that will help you elevate the quality of care you provide](#).

[Join the ACC in October and save over 35% off the cost of membership.](#) Just use code **Take50** on your application.

You pay only \$88 for membership and get access to benefits worth over \$3,000, including:

- The latest **guidelines, point-of-care tools and mobile apps** on [ACC.org](#)
- **300+ free online educational resources**, including 60+ free webinars covering all areas of practice
- The latest science in **six JACC Journals**: *The Journal of the American College of Cardiology (JACC)*; *JACC: Imaging*; *JACC: Interventions*; *JACC: Heart Failure*; *JACC: Clinical Electrophysiology*; and *JACC: Basic to Translational Science*
- And much more

[Click here to learn more about the benefits that wait for you as an ACC member.](#)
